Dear Mr. Massi:

Thank you for offering to let EPA test your well water. To assist us in evaluating the need to test your well as part of our investigation of the Blosenski dump I have attached a questionnaire developed by NUS Corporation (EPA's consultant on this investigation) to obtain some detailed information about your well. Please take a few minutes to fill it out as completely as possible, and mail it in the enclosed, self-addressed, stamped envelope as soon as possible.

If we will test your well a representative of NUS will contact you to make arrangements. If we can not test your well I will call you and discuss the reasons.

Thank you for taking the time to fill out the attached form. Your cooperation is very much appreciated.

Sincerley yours,

Ed Shoener
Remedial On-Scene Coordinator
